- NET, PowerBI,
- Adobe Photoshop,
- Adobe Illustrator
- Git and GitHub
- Time Management
- Leadership
- Effective Communication
- Critical Thinking

LANGUAGES

- English
- Gujarati
- Hindi

PROFILE

I am a third-year 5th semester BTech Computer Science and Engineering student at Uka Tarsadia University. I have hands-on experience and a strong skill set in web development, Flutter, NET, graphic design, and data analysis. I am also well-versed with core technologies and foundational tech stacks. I have completed internships at Quillix Solution and Edunet Foundation, where I contributed to real-world projects, including developing a full-fledged website. I am passionate about continuous learning and committed to delivering high-quality work with a strong sense of responsibility and dedication.

PROJECTS

E-commerce Platform Development

Led the development of a comprehensive e-commerce platform for a retail company, including features such as product listings, shopping cart, payment gateway integration, and order management.
Technologies Used: *React, Node.js, MongoDB, Express, Stripe API*

Doctor Appointment Booking System

Built a responsive web app using PHP and MySQL to allow users to book doctor appointments based on specialization. Integrated dynamic doctor selection, form validation, and secure data handling with a clean Bootstrap UI.
Technologies Used: *PHP, MySQL, HTML, CSS, JavaScript, Bootstrap*
